

# Partner Search Priority Axis 4

**DISCLAIMER:** Potential partners may be contacted at the email provided, in order to discuss and further develop these project ideas. The Interreg - IPA CBC IT-AL-.ME JS and MA may not be held liable for any misuse of ideas posted. In compliance with the EU Data Protection Directive 95/46/EC and its supporting legislation, the data collected about the partners shall be processed fairly and not used in ways that are beyond the scope of the partner search, for which the data was collected.

Organisation	Lead Partner	Project idea	Partners wanted	Location	Email
Center of Albanian Development	Center of Albanian Development	Promoting sustainable transport in triangle Albania - Montenegro - Italy	Central public institution, Local public institution, Other body governed by public law, Private non-profit organisation	Puglia Region, Molise Region, Montenegro	cadqzhsh@gmail.com
Polytechnic University of Tirana / Universiteti Politeknik i Tiranës	Any public entity in the Puglia Region	Our goal is to create tools and methodologies that can measure environmental phenomena in mobility, especially when installed in public transport vectors. A key challenge is combining existing ITS technologies and state-of-the-art, sensor and positioning technologies, data fusion, traveler behavior, traffic modelling and emissions dispersion modelling techniques and vehicle/person-mounted sensors. The result of the proposed platform can be used by decision making authorities for better transport organization and low environmental impact of transport	Central public institution, Local public institution, Other body governed by public law	Puglia Region, Molise Region, Montenegro, Albania	eagastra@fti.edu.al

		<p>system and not only.</p> <p>The project main outputs will be:</p> <ul style="list-style-type: none"> <li>- creation of strategies/tools for the correct collection and use of data related to needs and opportunities,</li> <li>- competence and know-how enhancement of policy makers and local actors for the wise management of local transportation responding to the real customers' needs</li> <li>- creation of a network of marginal areas able to apply the methodologies/tools for the improvement of accessibility</li> <li>- increase of public transportation use</li> </ul>			
Tirana Municipality		Transport	Local public institution, Other body governed by public law	Puglia Region, Molise Region, Montenegro	adelaabazi@gmail.com
